

VENETA® + BEHR PAINTS

# DesignTrends

Every home is waiting for the right renovation. Classic, warmer colors over traditional shutters. Sleek, bolder hues of modern roller shades. The lighter touch of faux wood in a Scandinavian style. Clean, refined colors of contemporary cellular shades. Or rustic colors and natural fabrics of an industrial style. Whether it's the perfect paint match you need, or the right mix of complementary colors – you can find it all here with **Veneta™**.
